<b>Is the Job related to staff position within a Research Infrastructure?</b>	No

# Offer Description

LIP – Laboratory of Instrumentation and Experimental Particle Physics is the reference institution in Portugal for experimental particle physics and associated technologies. Created in 1986, LIP is deeply involved in major international scientific projects, such as the CERN experiments, the study of dark matter, neutrinos and cosmic rays, as well as the development of new technologies applied to areas such as health, space and the environment. We are recruiting a Communication Specialist to join the LIP communication and dissemination team, playing a fundamental role in sharing our discoveries and initiatives with the scientific community, institutional partners and the general public.

**Main Functions:** The Communication Specialist will play a key role in LIP's communication strategy, liaising with the other communication specialist already present and integrating the LIP-ECO (Education, Communication and Outreach) group.

Responsibilities include:

- Develop and implement communication strategies: Create and execute communication plans that promote LIP's scientific and institutional activities, aligned with the Laboratory's strategic objectives.
- Content production: Write and edit articles, press releases, newsletters and content for social networks and website.
- Scientific dissemination: Support the translation of complex scientific concepts into accessible language for diverse audiences.
- Management of social networks and digital platforms: Develop, plan and manage content to increase LIP's visibility.
- Organization of events: Support in the coordination of workshops, conferences and scientific dissemination activities.
- Public relations and press relations: Manage contacts with the media, partners and stakeholders, promoting LIP's reputation.
- Support the LIP-ECO group: Contribute to the group's education, communication and outreach initiatives, promoting science to different audiences.

**Applications:** Candidates must send their updated CV and a letter of motivation to the email [natalia@lip.pt](mailto:natalia@lip.pt) by February 24, 2025, with the subject: Application – LIP Communication Specialist.
