

Dear Researchers and Students,

We are pleased to announce that the 2019 Call for Applications for Doctoral Scholarships in the framework of IDPASC Portugal (Doctoral Programme in Particle Physics, Astrophysics and Cosmology - PD/00024/2013) is already open.

In the framework of the Doctoral Programme FCT IDPASC Portugal, the IDPASC network opens a call for applications to PhD Scholarships for thesis subjects proposed by IDPASC researchers and taking place in the Universities of Lisbon, Évora, Coimbra, Porto and Minho in the following fields:

- Particle Physics
- Astrophysics
- Cosmology

Period of the Call

The call is open from 1st March to 07th June 2019

Phases:

- **Supervisors 1st phase – 1st to 22nd March, 17h00**

Supervisors must submit thesis themes.

- **Applicants 1st phase – 25th March to 18th April, 17h00**

Applicants can apply to one thesis theme available in the system.

- **Supervisors 2nd phase – 21st April to 10th May, 17h00**

Supervisors may select one candidate from the list of candidates who have applied.

- **Applicants 2nd phase – 13th May to 07th June, 17h00**

The selected candidates will formalize their application, by filling the online Programme Application form, and by providing some documents.

Please note that the number of grants to be awarded will be six. Two of these grants will preferentially be given to, if possible one for each category:

- applications with a supervisor from the Coimbra University;
- applications with a supervisor and a co-supervisor from two different universities of the programme and a working plan for at least one year in each university.

The grants will be awarded directly by FCT to the students.
