TrigOps daily

04.12.2018 Trigger Operation Daily Summary
**Next meeting: No more TrigOps meetings this year!**

Thanks to everyone involved in trigger operations for the hard work to make this year of running very successful. Enjoy the holidays and have a happy 2019!
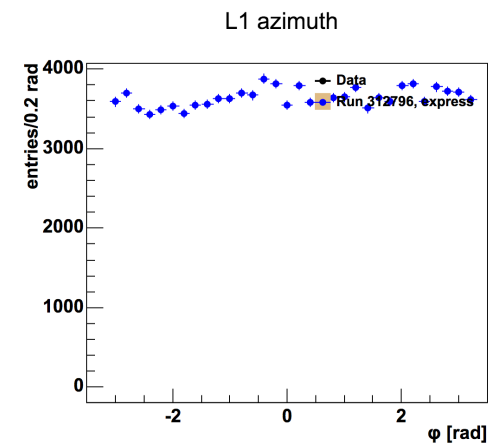

- Summary of the week:
  - Cleaned up backlog of un-signed runs

Runs with no HLT jet histograms

- [ATLASDQ-659](#)
  - Runs: 365627, 366092, 366383, 366413:
- Clear phi asymmetry
  - Confirmed in run 365627 for j85_L1J20
  - Looks like it comes from L1
- Feature was understood. It came from missing HEC modules

366092
